G.O. No. 2110 Health

23

Dated 30th July, 1954.

Despatch Abstract.

STORES--Government Headquarters Hospital, Mangalore--Purchase additional equipments--Sanctioned.

Special

Medical Department

From

Lt.Col.Sangham Lal, MBBS.,FRCS.,DOMS.,
Director of Medical Services,M a d r a s 6.

The Secretary to Government, Health Education and Local Administration Department,Madras.

Ref.No.10444-A2/54., dated /6 July 1954.

Sir,

Sub:-Govt.Headquarters Hospital and Lady Goschen Hospital, Mangalore - Purchase of additional equipment etc.

I have to state that in G.O.No.3777-P.W.D., dated 9-10-1950 the Government sanctioned an expenditure of Rs. 28.25 lakhs for improvements to Government Headquarters Hospital and the Lady Goschen Hospital at Mangalore spread over a period of five years. The District Medical Officer,South Kanara has reported that the new buildings at the Headquarters Hospital will be completed before the end of July 1954 and that it will be yet sometime before the new constructions at the Lady Goschen Hospital are completed.

2. The District Medical Officer has forwarded a list of equipment costing about Rs.1,24,500/- which it is necessary to purchase for the efficient running of the new Headquarters Hospital including the two new operation theatres. A copy of the list is enclosed for information. The sanctioned bed strength of the old hospital is 116, and adding to this the strength of 186 beds of the new blocks, the total bed strength will come to 302. The additional equipment asked for is based on this new bed strength, and takes into account the equipment already available in the institution. Further it is necessary that this hospital should be fully equipped, particularly as it is to be a training institution for college students.

3. Proposals for the employment of additional staff at the Headquarters Hospital consequent on the increased bed strehgth are separately under examination in consultation with the District Medical Officer. He is also being requested to submit proposals for the employment of additional staff, purchase of laboratory and other equipment etc. which will be necessary for the Lady Goshen Hospital when the new buildings there will be ready for use. These proposals will be submitted to the Government as soon as possible.

4. Meanwhile I request that the Government may be pleased to sanction at a very early date the purchase of equipment at a cost not exceeding Rs.1,24,500/- for use in the new Headquarters Hospital at Mangalore so that the District Medical Officer may take necessary action and obtain them as early as possible

5. I may add that it will not be possible to defer the proposals for additional equipment and staff for consideration as a Part II scheme for next year, since the buildings cannot be brought into effective use without them.

6. Provision has not been made in the budget for the current year to meet the expenditure. Proposals will be submitted in due course for supplementary appropriation to the extent it is found not possible to provide funds by reappropriation.

Yours faithfully,

for Director of Medical Services.

MR.16/7

CONSOLIDATED LIST OF EQUIPMENTS REQUIRED FOR DIFFERENT SECTIONS AND WARDS OF NEW BUILDINGS UNDER CONSTRUCTION AT GOVERNMENT WENLOCK HOSPIT MANGALORE.

THE KASTURBA MEDICAL COLLEGE.

MANIPAL, S. INDIA

Ref. Immediate

Date 15th July, 1954.

J.S., H.L.+L.A.
Secretary
16/7/54

115/99

The Director of Medical Services,
Government of Madras,
MADRAS.

Sir,

Clinical facilities for the students of this College at the Dt. Headquarters Hospitals in Mangalore.

The Government of Madras was pleased to sanction the clinical facilities for the students of this College at the Dt. Headquarters - Hospitals in Mangalore.

The first batch ~~who~~ of students who were admitted in June 1953 will go to Mangalore early in January 1955 for their clinical training. Further, the Karnatak University Commission is expected to visit Mangalore for inspecting the facilities etc. provided there, by the end of September, 1954.

We learn that two blocks of buildings will be completed and handed over before the end of September, 1954. However, it will not be possible to occupy these buildings unless the necessary cots, bedside tables, linen and other equipment needed for the operation theatres etc. are provided. May we, therefore, request you to arrange to expedite the furnishing of the blocks fully so that every thing may be ready, well furnished, when the University Commission visits Mangalore at about the end of September, 1954?

Yours faithfully,

(Dr. T.M.A.Pai)

The Director of Medical Services,
Government of Madras,
M A D R A S.

Sir,

Clinical facilities for the students of this College at the Dt. Headquarters Hospital in Mangalore - formation of a Committee for smooth day-to-day working of all arrangements.

May we suggest your directing the formation of a Consultative Committee comprised of the Dean of our College, the Directors of our medical, surgical, mid-wifery and pathology divisions and the Superintendent of the Dt. Headquarters Hospital (who is the Dt. Medical Officer) for the purpose of distribution of beds and such other matters in the interests of the efficient training in clinical subjects of the students of this College?

Yours faithfully,

(Dr.T.M.A.Pai)

H.E.L.A.(H.II) DEPT.

Ref:- From the D.M.S. No.10444-A2/54 dated 16-7-54.

Sub:- Govt. Headquarters Hospital, Mangalore-- purchase of equipments.

The Govt. sanctioned in 1950 an expenditure of Rs.28.25 lakhs for the construction of additional buildings and for other improvements in the Govt. Headquarters Hospital and the Lady Goschen Hospital, Mangalore. When the ~~construction~~ were in progress, it was considered necessary to make certain alteration with a view to afford clinical teaching facilities to the students of the Kasturba Medical College, Manipal. Revised plans and estimates amounting to Rs.32.5 lakhs were obtained and they were approved by Govt. Orders in the matter are being issued in the P.W.Dept.

2. The D.M.S. has reported that the buildings which were under construction in the Govt. Headquarter Hospital, Mangalore, will be ready for occupation shortly. The new blocks can accommodate 186 beds. The bed-strength of the hospital can be increased from 116 to 302. Proposals for increasing the bed strength of the hospital and for the employment of addl. staff are awaited from the D.M.S. He has now submitted proposals for the purchase of certain equipments to the hospital at an estimated cost of Rs.1,24,500/- and has asked for immediate sanction, ~~for which~~ there is no provision in the budget for 1954-55. The D.M.S. states that the addl. equipment asked for is based on the new increased bed strength and takes into account the equipment already available in the institution, and that it will not be possible to defer the proposals for consideration as a Part II Scheme for next year. It is for orders whether the proposal of the D.M.S. may be accepted.

Finance(Exp.A)Deptt.

The notes on pp.1-2 above may be perused. The urgency for the immediate purchase of equipment costing Rs 1,24,500 is that the additional blocks have to be furnished before the visit of the commission in September 1954. As the Government have already committed in G.O. No.3048 Health dated 25-9-52 to the provision of facilities for clinical training, the present proposal may be agreed to. It is presumed that the actual purchase of the equipment will be made after calling for tenders.

The present proposal for the purchase of equipment should be treated as a New Service as the cost exceeds Rs 1 lakhs, and referred to the S.F.C. and the Cabinet. However, as the scheme is said to be very urgent, this department may agree to the short-circuit procedure being followed and the case circulated to M.(Fin.&E) and C.M. before the issue of orders. An advance from the contingency fund will also be necessary to meet the expenditure before obtaining a supplementary grant from the Legislature.

19.7.54

19.7.54

This is a scheme of new expenditure not provided for in the Budget Estimates. Proposals for the employment of additional Staff are stated to be under consideration of the D.M.S. The additional wards cannot be opened without additional staff. It seems desirable to obtain an estimate of the total cost

4

H2

cost of the proposals for the employment of addl. staff and purchase of additional equipment etc. and place the proposals before the Cabinet, a reference to the Standing Fin. Committee being waived as a special case: ~~as will be~~ the reasons given in HELA Govt. Secy.'s note on p. 2 above do not seem to justify ~~recommendation by the Govt.~~ waiver of reference to the Cabinet. The Govt. have merely said in the letter on p. 7 C/f. 7 (N) to the Registrar of the Academy of Sl. Edn., Udupi, that they would permit the Govt. Hospitals at Mangalore & Udupi being used for the clinical training of the students of the proposed Nursery College proposed to be started.

In the Govt. Headquarters Hospital, Mangalore, the buildings which were under construction will be ready for occupation shortly. Since the new blocks can accommodate 186 beds, the bed strength of the hospital can be increased from 116 to 302. The D.H.S. has submitted proposals for the purchase of certain equipments to the hospital at an estimated cost of Rs. 1,24,500/- The Govt. have agreed to permit the Govt. Headquarters Hospital, Mangalore, being used for the clinical training of the students of the Kasturba Medical College, Manipal. The Registrar of the College has requested that the hospital may be equipped well before the University Commission visits the hospital before then in Sept. '52. This dept. thereupon proposed to accept the proposal of the D.H.S. for the purchase of equipments to the hospital and to sanction the same by following the short circuit procedure. Finance dept. have accepted the proposal for the purchase of equipments. But that dept. have suggested that proposals for the employment of addl. staff may also be obtained from the D.H.S. and that both the proposals may be placed before

Govt 30486

the Cabinet, the reference to the S.F.C. being waived as a special case. It is for orders whether the suggestion of Fin. dept may be accepted & whether the proposal for the purchase of equipments may be sanctioned now itself after obtaining orders in circulation

21/7/54

21.7.54

It may take time to get the various items of equipment after placing orders with the Medical Stores Depot, Madras, or other firms in case the former is not in a position to supply the various items. Sanction may now be accorded to the incurring of an expenditure not exceeding Rs 1,24,500 on the provision of equipment for the H- Head-quarters Hospital, Manipur.

This may be done now

Proposals for the appt. of the Staff may be called for from the D.M.S. to deal with separately
